CITIZEN'S CHARTER

PUBLIC WORKS DEPARTMENT
UTTARAKHAND

<http://www.pwduk.gov.in/>

Lok Nirman Bhawan

Yamuna Colony, Dehradun-248001

1. Introduction:

Public Works Department of Uttarakhand is a premier and nodal government agency for road and bridge construction works in the state. In a short period of time, the department has gained well-deserved reputation by effective management and execution of road infrastructure works in the state. The disaster prone nature of our Himalayan state has proved to be a challenge in the infrastructure development since a long time. The development works done by the department have provided connectivity to the majority of the population and settlements and increasingly improve and strengthen the riding surface.

The Citizen's Charter aims to provide for an easier access and delivery of services in a time bound manner to everyone for better efficiency and grievance management improvement.

2. Vision

Public Works Department Uttarakhand aims to provide the best road infrastructure facilities to the state and its people using the available resources. This also aims at providing sustainable road infrastructure to the state which otherwise is disaster prone due to many factors.

This will provide the ease of access to the remotest parts of the state and thus connecting them to the established socio-economic centers as well as help in developing new market places. Thus it will improve the overall economy and life style of such areas.

3. Mission

To provide sustainable road infrastructure system and establish best possible engineering practices in the State in a time bound and citizen centric manner.

4. Our Beneficiaries

In addition to the rest of the country, other pilgrims and tourists from all over the world, the citizens of Uttarakhand state in particular, will be highly benefitted from the infrastructural development in the road sector, opening new gates for socio-economic development.

In short term goals the department assures of its best efforts for fulfilling the requirements and dedicate itself in the service to the public in a time bound manner for

various immediate relief measures such as patchwork repair, removal of encroachments on PWD land, restoration of flood / rain damages, maintenance and cutting of bushes on sides and berms, construction of speed breakers, road sign boards and original works.

5. Organization Structure

6. Services covered by the department

A. Execution of Works:-

At the first instance proposal is made after inspection of the site. Then a preliminary rough cost estimate is prepared and submitted to the competent authority for according Administrative Approval expenditure sanction. On receipt of Administrative Approval, detailed estimate is prepared and the Financial Approval is obtained from the competent authority. The work is then sent for technical sanction to the concerned authority. After technical sanction order, tenders are called for the execution of work.

The availability of this service will be intimated to the citizen in the following manner:-

1. Issuing tender notices by post to the registered contractors.
2. By displaying the tender notice on the Notice Board of PWD Offices.

3. By publishing tender notice in at least two Daily Newspapers, both in Hindi & English.
4. In case of costs more than limit mentioned in latest Uttarakhand Procurement Rules, e-tenders are invited online through web site www.uktenders.gov.in in which registered contractors may participate online.

B. Duties of Department during Natural calamities like floods and landslides :

In a situation of disaster and natural calamities, the main role of the department in coordination with the administration and other departments is to open the road network for timely passage of vehicles and provide for all safety measures that the site warrants for the vehicular movement. After the passage of disaster, the department works in order to bring the road and bridge infrastructure to the original condition. If for some reason that is not possible, alternate routes or passes are prepared for the same.

Apart from the Administration which sets up a disaster mitigation cell at the district level which involves all the offices concerned such as Public Works Department, Police, SDRF Forces, Health Services etc., the concerned divisional office of PWD is also responsible for intimating the information to the Head office through proper channel at the earliest and take all the necessary measures required to mitigate the natural calamity. The information of Road closure in the monsoon season is also compiled and shown on the departmental website www.pwd.uk.gov.in on a day-to-day basis.

C. Services for other Government Departments and Other Deposit Works:-

All the Government departments can approach PWD for the construction and the maintenance of the Government buildings required for them through appropriate channels. The Government department shall convey their requirements, get the proposals from Public Works Department and obtain necessary sanction from Government for executing the works.

The Department also undertakes deposit works for other Government / Semi Government organizations like Transport Department, Education Department, Police Department, Health Department etc.

D. Cost assessment and rent reasonability of buildings:-

Any Government / Semi Government Department can approach PWD Authority for the cost

assessments and rent reasonability of the buildings. On receipt of application through proper channel, concerned division shall complete the inspection and assessment within 45 days.

E. Service under RTI Act:-

Those who apply for getting information under the Right to Information Act 2005, can approach the appropriate authorities of the concerned office. The intimation of such information to the applicant, as found appropriate under the Act, shall be done in accordance to the RTI Act.

F. Enlistment of Contractors:-

Any contractor, who is interested to enlist himself / herself in various categories of enlistment in the department, may apply to the Competent authority with requisite fees and other formalities given in the Contractor Registration Rules and other Government Orders and Circulars issued from time to time. Other details can be downloaded from the departmental website www.pwd.uk.gov.in

Enlistment of Contractors in PWD Uttarakhand is being done under 4 categories.

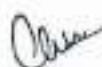

Class	Competent Authority
Class A	O/o Engineer in Chief on the recommendation of designated committee.
Class B	Concerned Chief Engineer (Zonal) on the recommendation of designated committee.
Class C	Concerned Superintending Engineer (Circle) on the recommendation of designated committee.
Class D	Concerned Executive Engineer (Division)

G. Public Grievances:-

For grievance matters, the citizens should first approach the concerned officers to get the problem sorted out. He / She can opt for taking up the matter further to the higher authorities in case the grievance is not addressed to or sorted out properly. List of officers under Grievance Redressal System is mentioned in Annexure-A.

Uttarakhand CM Helpline portal 1905 is also available for grievance redressal; citizen can call 1905 or register their grievances through web portal www.cmhelpline.uk.gov.in.

7. Time line for various services

8.	N.O.C for installation of industry / power projects affecting road limits	Concerned Division Office	Concerned Executive Engineer	45 Days	Concerned S.E must also be intimated and prior approval must be taken, if necessary
9.	Cost assessment and Rent reasonability	Concerned Division Office	Concerned Assistant Engineer	45 Days	Only for Govt. / Semi Govt. organizations

8. Expectations from Citizens

1. The procedures stipulated by the department are to be followed to have the full benefit of the services and the citizens may avoid claims, which do not match with the working procedures of the department.
2. Any feedback on the working procedures can be suggested by the citizens for improving the efficiency and the activities of the Public Works Department for the benefit of the people at large.
3. The Citizens are requested not to encroach upon PWD land.
4. The Citizens are requested not to drain off wastewater on the PWD roads as it damages the roads.
5. The Citizens are requested not to cut PWD roads without approval of the competent Authority that is otherwise an offence.
6. The Citizens are requested not to obstruct drainage system of road.

Das

7. Citizens are advised to take No Objection from department before starting any construction on PWD roadside.
8. Citizens are requested not to throw debris on roadside, which is illegal as well as a road safety threat.

9. Grievance Redressal Mechanism

Any citizen can have access to the Grievance Redressal mechanism as under:-

1. If grievance is related to concerned Division/Sub-Division of the area, then the Executive Engineer in charge concerned should be contacted either through e-mail/Telephone/in person or by post.
2. If the grievance is related to circle level then the concerned in charge Superintending Engineer should be contacted.
3. If the grievance of citizen is still not resolved the one can approach higher authority for the same. The telephone no's and e-mail ID are attached at Annexure A.
4. For any improvement in delivery of the services, citizens can send their feedback / suggestions to the department via email to eicpwduk@nic.in

10. Review / Revision of Citizen's Charter

We are committed to constantly revise and improve the services being offered under the Charter. The following officers would review the citizen's charter every 6 months.
